Dear Neighbor:

My name is Wanda and I am a volunteer extending an invitation to my neighbors to attend a special event. It is the 2022 Convention of Jehovah's Witnesses entitled "Pursue Peace"! Because of the COVID-19 pandemic, this year's convention program is being presented on www.jw.org. How can everyone benefit from the Bible based talks presented in this convention?

We all deal with issues that threaten our peace in this world today. Many feel that we're living in times of unprecedented crisis. It is comforting to know that viewers of the Pursue Peace convention will discover how they can find real peace now to help with life's every day challenges, and also have hope for a better future.

You and your family can begin watching the convention's Bible based talks now by going to jw.org website. The entire three-day convention will be presented in six sessions through July and August. In addition to the talks, you will enjoy videos, music and an inspiring Bible drama shown in two parts during the sessions presented on Saturday and Sunday. This drama is based on Isaiah 48:17, 18.

I have enclosed an invitation to this special event. This invitation will give you more details and instructions on how to access the convention once you are on website.

The jw.org website is also a useful tool for Bible research. It has a wealth of information and provides many formats for study. You can read the Bible online and watch many Bible based videos including feature length Bible movies. My family and I use this website daily as do people worldwide in that it is available in 1,060 languages.

Jehovah's Witnesses offer a free interactive Bible course utilizing the Bible based publication "Enjoy Life Forever!" If you wish to find out more, I have enclosed my contact card.

Sincerely,
Wanda Schneider

Psalm 29:11

"Jehovah will give strength to his people. Jehovah will bless his people with peace."
